## REACH-Regulation (EG) No. 1907/2006

To whom it may concern.

With regard to the Regulation EC No. 1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals (Registration, Evaluation, Authorisation and Restriction of Chemicals = REACH) on the European market, which came into force on June 1, 2008, we are pleased to inform you as follows:

**1.** Cembre GmbH is not subject to any registration obligations. Cembre GmbH neither manufactures nor imports such substances directly; the substances used in our manufacturing processes have already been pre-registered or registered by our suppliers.

In order to guarantee our customers an uninterrupted and correct supply of our products, Cembre GmbH works with its suppliers to specify the identified uses of such substances in its products.

**2.** according to our present knowledge, based on the information we have received so far from our suppliers, we confirm that the products we supply to you (listed in the Attachment) do not contain in concentration above 0.1 mass % any of the substances that could have harmful effects on human health and the environment included in the current Candidate List of Substances of Very High Concern (SVHC) (<https://echa.europa.eu/candidate-listtable>), nor those listed in Annexe XIV and XVII of the REACH Regulation).

**3.** Cembre GmbH is aware of the obligation to submit a notification to the SCIP database - Substances of Very High Concern in articles as such or in complex articles (products) - introduced since January 5, 2021 by Directive (EU) 2018/851 of the European Parliament for articles containing SVHC in a concentration above 0.1 mass %.

## RoHS - Restriction of Hazardous Substances Directive 2011/65/EU and 2015/863/EU

To whom it may concern.

Thank you very much for your request regarding the Restriction of Hazardous Substances Directive.

The first European Restriction of Hazardous Substances Directive 2002/95/EG was published on 1st June 2006.

On 3rd January 2013, the revision of this directive, the Restriction of Hazardous Substances Directive 2011/65/EU – also known as "RoHS II" – came into force, which is an extension of the first regulation and replaces it.

On 4th June 2015, Directive 2015/863/EU added 4 more substances to the list of hazardous substances.

According to this Directive, only electrical devices with an acceptable maximum concentration of Cadmium less than  $< 0,01\%$ ; lead, mercury, hexavalent chromium (Cr6+), polybrominated biphenyls (PBB), polybrominated diphenyl ether (PBDE), bis(2-ethylhexyl)phthalate (DEHP), Butyl benzyl phthalate (BBP), dibutyl phthalate (DBP) and diisobutyl phthalat (DIBP)  $< 0,1\%$  are in compliance with the Annex II of the Directive and therefore also allowed to put in circulation.

According to our present knowledge, based on the information we have received so far from our suppliers, we confirm that the products we supply to you (listed in the Attachment) are compliant with the Annex II of the Restriction of Hazardous Substances Directive and therefore also RoHS compliant.

For any questions please contact:

## POP Regulation No. 2019/1021

To whom it may concern.

With regard to the consolidated version of the Regulation (EU) No 2019/1021 of the European Parliament and of the Council of 20 June 2019 on persistent organic pollutants (POPs Regulation), according to our current knowledge, based on the information we have received so far from our suppliers, we confirm that the products we supply to you (listed in the Attachment):

- are free from persistent organic pollutants (POPs)
- are free from perfluorooctanoic acid (PFOA)
- are free from perfluorooctane sulfonate (PFOS)

Since we do not intentionally add the above-mentioned substances in any steps of our manufacturing processes, we do not carry out any further analysis in order to verify their presence in the raw materials or in the finished products.

## DECLARATION - TSCA Section 6(h) - Toxics Substances Control Act

To whom it may concern.

According to our present knowledge, based on the information we have received so far from our suppliers, we confirm that the products we supply to you (listed in the Attachment) do not contain any of the substances regulated under TSCA 6(h), which includes following chemicals:

- Decabromodiphenyl ether (DecaBDE)
- Phenol, isopropylated phosphate (3:1) (PIP (3:1))
- 2,4,6-Tris(tert-butyl)phenol (2,4,6-TTBP)
- Hexachlorobutadiene (HCBD)
- Pentachlorothiophenol (PCTP)

Since we do not intentionally add the above-mentioned substances in any steps of our manufacturing processes, we do not carry out any further analysis in order to verify their presence in the raw materials or in the finished products.
